# Crew Van

By fitting a second seat row with an integrated partition wall it is possible to convert your Crafter panel van into a Crew Van at all times. The perfect solution for the combined transport of people and material.

## Build for hard work.

Obviously the Crew Van applies to the latest European safety standards. All seats are provided with 3-point inertia-reel safety belts and tiltable and in height adjustable head restraints.

The partition wall is designed to meet the ISO 27956:2009 standards for load shifting protection.

Also the design plays an important role when developing a Crew Cab. The finely designed partition wall separates the load and passenger compartment completely.

# Standard

## Crew Cab

With the Standard Crew Cab, safety and functionality come first.

The Ford Transit Custom with the Standard Crew Cab can accommodate up to six people.

### Designed for business

- // Maximum load capacity with load space under the seats
- // Comfortable 3-seater bench
- // Easy to clean step-in cover
- // Headlining covered with fabric

# Comfort

## Crew Cab

The fine and luxurious finishing of the Comfort Crew Cab fits perfectly with the original design of the vehicle. By choosing a 3-seater contoured bench, you can travel safe and comfortable.

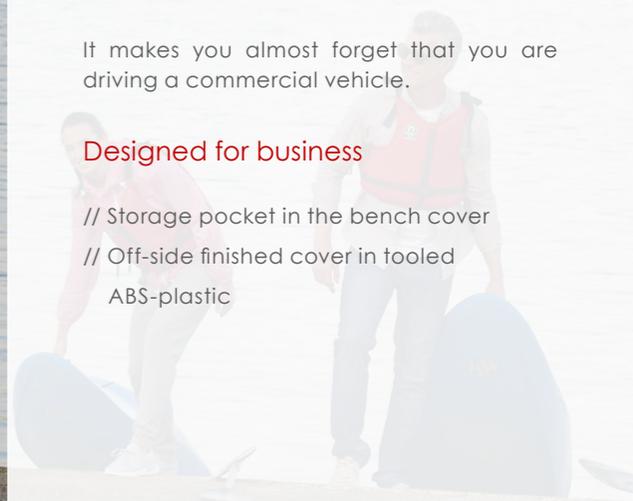

It makes you almost forget that you are driving a commercial vehicle.

### Designed for business

// Storage pocket in the bench cover

// Off-side finished cover in tooled

ABS-plastic
